

VersaCourt modular flooring tile

VersaCourt Speed Outdoor court tile was designed and developed for outdoor inline hockey, roller sports, and multi-sport applications. The patented design offers incredible wheel grip and excellent traction while small pins engineered on the surface allow hockey pucks to slide across just as it would on an ice court.

	Dimensions	9.837" x 9.837" x .5" (11.2 oz.)
	Superior Strength	Supported by 155 cross posts
	Surface Traction	Profile texture design to maintain a positive grip at all times.
	Materials	Specially blended high impact copolymer polypropylene create less rigid fall surface.
	Cold/ Heat Resistant	Temperature Tolerances: -22 °F to + 248 °F.
	Construction	Easily lays on concrete or asphalt subsurface
	Sustainability	Can be recycled and used as secondary tile.

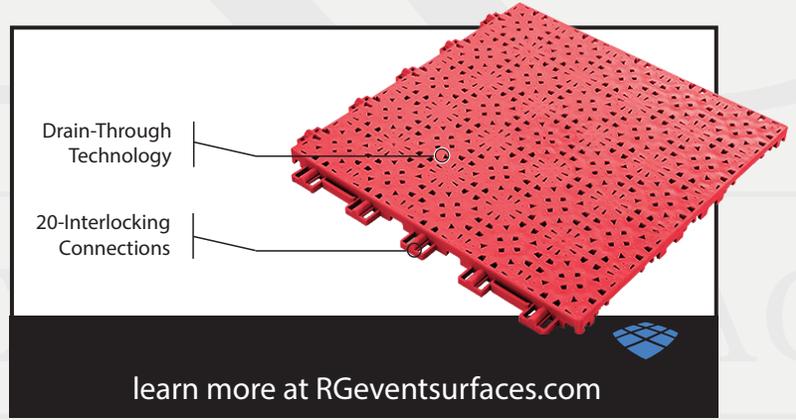

Perfect for outdoor events!
Safe when wet! Keep your booth area and feet dry when and if it rains.

Comfortable to walk on!
Gentle vertical flex provides forgiveness on lower backs, knees, and joints.

Customizable options!
Customize the floor with your company's brand colors and logos.
